

Year 7 GL Assessments **Wednesday 19th and Thursday 20th October 2022**

Dear Family,

Thank you for your support with settling our students in during their first half term at WBCA. We are proud of the excellent start the Year 7 cohort have made in their time with us.

As part of our baseline assessments this year, students will be conducting GL Assessments for Maths, English, Science, Reading and Spelling. The assessments will inform us of areas of strength and development for our students; and will help to inform our teaching and intervention.

GL Assessments are online tests that are taken on laptops. All assessments will be taken in classrooms within lessons but will be subject to formal exam conditions. The assessments will take place in the week beginning 17th October 2022, a list of dates and times is below.

Wednesday 19th October

Morning Form Session: GL Reading

Period 1: English

Thursday 20th October

Morning Form Session: Spelling

P1: Maths

P4: Science

Students are not expected to revise in preparation for these assessments, as they are being undertaken to support our knowledge of where students are at the start of the academic year. They should also not worry about the tests, but should, as always, try their best.

Yours sincerely

Mrs S Hughes

Director of L4L
